 Subject: Update

Hi Bill and Barbara,

Let me address some practical issues first before the update. I am also attaching a copy of Michael's Visit Agreements so you can see what he is required to do while with you.

Please do not give him ANY allowance. He will bring \$100 from her and that is all he gets! That means don't even buy him cigarettes etc. Obviously he does not have to pay for family activities, but anything he wants for personal use he needs to pay for himself.

Any family members or friends can send him Christmas cards and if they want to get him a "small" gift it is ok, but please make it something that will be "healthy" for him. (No gift certificates for music etc...I will get to that in a bit).

If there are other family members you would like him to be able to call just let me know. On level two there is more freedom in that area, although Michael is slowing that process down somewhat.

Now for the update:

First I want to fill you in on what exactly took place with his former roommate. It started with Michael taking a toilet plunger, and in front of his roommate putting a condom on it and "demonstrating" how to perform oral sex. He got the condom from another student who is on Level Two, where condoms are available if students are going to choose to have any sexual relationships while here.

Additionally, Michael had allegedly "cast spells" on his roommate and was invading his privacy when he was changing clothes. In retaliation, the other student exposed himself to Michael. When Joe tried to assist him in dealing with the issue, Michael became flippant and said "It was really quite a sight."

There was continued aggravation last weekend when during a softball game the other student used unnecessary physical force with Michael in a base-running incident. At this point we are holding them both accountable for anything that occurs between them.

Michael continues to do things for "shock value." Last week he ran out of cigarettes and attempted to get one by kissing the feet of other students.

The latest, and most severe incident took place yesterday. As you know, in October a student ran away and stole Michael's CD player and all of his CDs. We purchased a new player for him and we have been slowly allowing him to purchase replacement CDs.

Yesterday a residential staff took Michael to a music store and he was allocated \$100 to purchase CDs. Among the CDs he bought were titles such as, "Anti-Christ Superstar" and "Best of the Beast." He knows this is in flagrant violation of our rules and therefore we have confiscated all of his music.

On one hand, ~~he is doing all of the assignments necessary to move to Level Two~~, but he continues to insist on trying to go outside of our rules whenever possible. Please know that at any time during the visit should he cause you problems or break agreements you are free to contact us and have him sent back early.

Actually Michael is the only Level One student having a two-week visit as you insisted, and if it had been another student we would have shortened his visit even more following his latest stunt with the music.

Michael will continue to test us, and we will continue to respond in kind. He is making progress in many areas and we just need to tighten the reins every time he tries to run "outside" of the program.

12/5/01

If you have any questions regarding the visit, please let me know and I will address them before he leaves on the 15h.

Happy Holidays,  
Carl

Mike Crawford

Mike used a toilet plunger, and showed fellow students how to perform oral sex on a male. Mike thought was funny because he used a condom.

Mike then was having problem with Kieran. Kieran has accused Mike Crawford of casting spells and watching Kieran while he changed.

KIERAN said that he had swung his penis in Mike face. But when I tried to help Mike out with this problem, Mike <sup>said that</sup> ~~that~~ KIERAN Penis was quite a sight.

Mike has begged for cig's. He tried to trade coffee for one cig and when that did not work he kissed 4 fellow students feet for cig's.

The this last weekend on 12-2-01 Mike and KIERAN were playing Softball. With ball hit to the Mike came around the bases to score. With the ball in the outfield and no chance to tag Mike out Kieran caused contact to Mike face with glove and elbow. Big Mike, Mike Crawford, Blue Eagle, AND Matt Peterson all said it

was done with intent to hurt Mike C.  
Because ball was in the outfield
